

# DJs Pool Service

## DJs Pool Service Drain Waiver and release

### Waiver and Release of Liability Draining of Swimming Pool/Spa

1. The Customer has entered into a service agreement for the performance of certain pool cleaning or repair services including draining of pool/spa at their address.
2. Customers acknowledge that by reading the contents of this waiver and signing, release of liability, Customers are aware that one or more of the following problems can arise from draining a swimming pool/spa: floating out of the ground; walls collapsing due to poor construction or age; rotten wood frame and walls; soil erosion, and any structural failures may happen, but are uncommon. This applies to all types of pools and spas made from all materials including wood, steel, concrete, etc.
  - i. After draining the pool, some instances of cracking, checking, shrinking or flaking of plaster may result and an eggshell appearance may occur.
  - ii. After draining the pool, the pool structure may rise out of the ground. This is usually caused by water under the pool shell, which may be caused by a high water table due to rain, broken sewer lines, underground springs, leaks in the pool plumbing, neighbor's leaks or water leaks not associated with the pool.
3. The customer is permitting the pool to be drained at their desired location. DJs Pool Service is not responsible for any possible damage, flooding or any issue related to the water being drained.
4. The Customer has read this waiver and release of liability carefully and fully understands its content and is aware that this is a waiver and release of liability. Customers will not hold DJs Pool Service liable for any reasons above noted.
